

JOIN US AT CANAAN VALLEY RESORT 2018 ANNUAL JOINT CONFERENCE

WV-AWWA & WV-WEA Members and Families:

On behalf of the West Virginia Section of the American Water Works Association and the West Virginia Water Environment Association Board of Directors, please allow us to extend a warm welcome and invitation to you to attend the 2018 Annual Joint Conference. This year's conference will take place at Canaan Valley Resort and Conference Center in Davis.

The festivities will begin on Sunday, May 20, 2018 with our annual Terry Smith Memorial Golf Tournament, followed by a picnic from 3:00 p.m.—7:00 p.m. at the Canaan Main Lodge Pavilion (map included). We will be having live music and the tapping and meter madness contests at the picnic. The conference will conclude on Wednesday, May 23, 2018 with the Annual Business Meeting. The Program Committees from the WEA and AWWA have compiled a diverse technical session schedule offering numerous CEH opportunities.

We anticipate a full exhibit hall with the latest water and wastewater industry related technology displayed and expert technical representatives to present their information. Please make it a priority to browse the exhibit hall and interact with the vendors. Their participation helps make our conference possible each year through their generous support.

In addition to specialized training for operators on Monday, Operator's Day, the Board will have over 20 WVBPH approved credit hours for water and wastewater available on Monday and Tuesday, with certificates at the conclusion of each seminar session.

We encourage you to come and take advantage of everything that this year's conference has to offer – great food, fun, fellowship, professional development and the latest technologies in the exhibit hall.

See you at Canaan Valley!

Louis Wooten
Chairman, WV-AWWA

Jeremiah Johnson
President, WV-WEA
